Steel Heavy Duty Self Dumping Hopper 5 Cubic Yard 6000 Lb. Capacity White

MODEL D-500-HD-WHT

PRODUCT OVERVIEW

The self- dumping Hopper is ideal for discarding material products. The blue powder coated steel construction is durable and long lasting through the toughest of environments. Additional features include; an automatic return to the upright position, full length fork tubes for easy portability, a safety chain restraint for secure transporting while on fork lift, and a 60" manual pull steel cable for dumping from the driving position, as well as, a front hopper release. Self-dumping hoppers facilitate compliance with OSHA general industry rule 29 CFR 1910.178(m)(5)(iii) by allowing lift truck operators to remain at the controls of their truck throughout the dumping process. A magnet is attached to the pull cable handle for quick attachment to the si...

KEY FEATURES

- Automatic bumper release dumps when it contacts the side of the dumpster
- Returns to upright and locked position automatically
- Full-length fork tube provide a solid base
- Safety chain restraint secures the hopper to the fork truck
